

Odor Off

Odor Off is a natural odor eliminator, which is diluted and succussed like a homeopathic medicine. **THOUGH IT'S NOT A MEDICINE —INTERESTING.** It effectively removes odors from bathrooms, kitchens, litter boxes, and cigarette smoke to name a few applications.

HISTORY

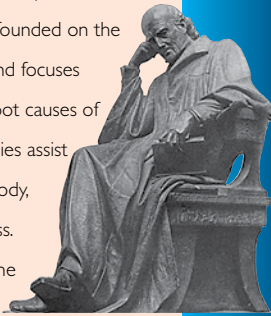

HOMEOPATHIC MEDICINE

Homeopathic Medicine

Homeopathy has been in practice since the late 1700s. It is founded on the principle of "like cures like" and focuses upon naturally treating the root causes of disease. Homeopathic remedies assist the natural defenses of the body, stimulating the healing process.

WHP complies with the good manufacturing practice policies regulated by the US Food & Drug Administration (FDA) and the Homeopathic Pharmacopoeia of the United States (HPUS). WHP manufacturing standards are among the highest in the industry.

Homeopathic medicine is safe and effective with no side effects or drug interactions.

History of Washington Homeopathic Products

For 140 years, Washington Homeopathic Products has been a trusted name in natural pharmacy. We believe that often the simplest way of doing something makes the most sense and ensures the healthiest outcome. Most of the medicines we manufacture have been made the same way for over a hundred years. They are safe, effective, and easy to administer.

At Washington Homeopathic Products, we're committed to the science and art of natural medicine. We welcome you to take part in this long tradition.
